Full Stack Developer with 2+ years of experience in building scalable, data-driven web applications using React.js, Node.js, and MongoDB. Proven ability to enhance performance and accessibility by applying Agile principles and WCAG-compliant design. Passionate about crafting clean, maintainable code and collaborating cross-functionally to deliver impactful software solutions.

PROFESSIONAL EXPERIENCE

Full Stack Developer

Feb 2025 - Current

Saint Louis University, Saint Louis, MO

- Developed IIIF-compliant web applications using Web Annotation and JSON-LD, improving data integration by 40%.
- Boosted backend scalability and reduced API response times by 30% using Node.js, Express.js, and MongoDB.
- Implemented responsive, accessible frontends in React.js aligned with W3C standards, reducing bounce rates by 25%.
- Collaborated with 10+ faculty and tech staff to gather requirements and provide support, reducing turnaround time by 20%.

Systems Engineer

Jun 2021 - Dec 2022

Tata Consultancy Services, Ahmedabad, Gujarat

- Designed high-performance ETL pipelines using Informatica and Snowflake, increasing throughput by 20%.
- Automated AWS S3 data ingestion, improving data accuracy and reducing manual workload by 30%.
- Cut data execution time by 50% via optimized source-to-target mapping and transformation workflows.
- Authored 50+ SQL and DBT scripts, accelerating BI reporting and insights delivery.
- Participated in Agile ceremonies including sprints, code reviews, and stand-ups, ensuring timely delivery.

Web Developer Intern

May 2020 - Jul 2020

AMUL (GCMMF), Anand, Gujarat

- Improved website load speed by 30% by optimizing frontend code and adopting a responsive design.
- Enhanced backend reliability using MySQL, reducing downtime by 20%.
- Integrated frontend and backend using PHP, JavaScript, and SQL, boosting data flow efficiency and user interaction by 15%.

UNIVERSITY PROJECTS

Polyglot Website - Language Learning Platform

Feb 2023 - May 2023

- Developed a gamified web app using React.js and Node.js with adaptive tense-focused learning modules.
- Increased session retention by 30% through real-time progress tracking and engaging UX design.
- Integrated RESTful services and containerized deployment, reducing deployment time by 50%.
- Ensured cross-device compatibility and accessible design for all users.

SKILLS

Languages: Python, C++, SQL, Informatica, DBT

Frontend: React.js, HTML5, CSS3, JavaScript, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, MongoDB, Mongoose, SQL, MySQL, JWT, Snowflake

Tools: Git, AWS, Postman, VS Code, Visual Studio, Stripe

Development Practices: RESTful APIs, Agile Development, WCAG 2.2 Accessibility, Unit Testing, Code Reviews

EDUCATION

M.S. Computer Science, Saint Louis University, Saint Louis, MO

Jan 2023 - Dec 2024

- GPA: 3.91/4.0

B.Tech Information Technology, Birla Vishvakarma Mahavidyalaya Engineering College, India

May 2017 - Jun 2021

- GPA: 3.68/4.0

CERTIFICATIONS & AWARDS

- **Certification:** Global Grad Scholar Work Experience Program, 2023
